

DANTE LOOTVOET

ASSEBROEK, BELGIUM

STUDENT AI & DATA ENGINEERING

I am a motivated Applied Computer Science student at HOGENT University, eager to apply my interest in data analysis. I am seeking an internship to gain hands-on experience and complete my education.

By the time I start my internship, I will be proficient in Python, Java, TypeScript, and SQL, with experience using Jira's SCRUM workflow. I will also have a strong understanding of data warehousing and machine learning, along with experience in business analysis and IT-to-business alignment.
